

## PARTY VOTES ON KEY LGBTIQ+ TEXTS 2019-2024

In this table, the Members of European Parliament (MEPs) for each national political party in the non-attached members are distributed in five voting categories depending on how they voted on nine key texts regarding the fundamental rights of LGBTIQ+ people. MEPs vote either 'for' or 'against' or they abstain. The most supportive MEPs who always voted 'for' all the texts are in category 1 and the least supportive ones who always voted 'against' all the texts are in category 5. Depending on the number of MEPs in each category, the national political parties are labelled as supportive of (green), unclear about their support to (yellow) or opposed to (red) the fundamental rights of LGBTIQ+ people.
